# KILLED ON THE BRIDGE

Will Cobb Crushed and Mangled by a Freight Train

A Promising Young Man Meets With a Terrible Death

Another fatal accident occurred on the long bridge at railroad junction of Louisville and Nashville, Ky., yesterday morning.

For his corn cobs and bean cobs on a truck, the grower, who was driving the vehicle, was killed.

A crowd of curious onlookers gathered about the scene of the accident.

The body of the deceased was found lying on the tracks.

The cause of the accident is being investigated by the railroad authorities.

# No Substitutes

For Royal Baking Powder. The "Royal" is shown by all tests, official, scientific and practical, stronger, purer, and better in every way than all other Baking Powders. Its superiority is privately acknowledged by other manufacturers, and well known by all dealers.

If some grocers try to sell another baking powder in place of the "Royal," it is because of the greater profit. This of itself is good evidence of the superiority of the "Royal." To give greater profit the other must be a lower cost powder, and to cost less it must be made with cheaper and inferior materials, and thus, though selling for the same price, give less value to the consumer.

LOOK with suspicion upon every attempt to palm off upon you any baking powder in place of the "Royal." There is no substitute for the "Royal."

INDUSTRIAL NOTES.

Mr. Schott, the engineer and electrician in charge of the work on the electric light system here, informs us that he will finish erecting the poles tomorrow and will then begin the work of stringing the wire, all of which has arrived and is ready for the poles.

The contract for the erection of the power house has been let to Forbes & Bro., who will push the building to a speedy completion. The power house will be a handsome and solid structure of brick and stone, and will be a permanent ornament to that end of the city. It will cost not less than \$200,000. All the machinery has been purchased and a part of it shipped. The electric lights will be in operation by September 15th.

Ground has been broken for the stand pipe and the iron for its erection shipped to this city. Trenches for the pipes will be dug next week. The water works will be in operation before the limit under the contract expires.

Mr. Martin was in the city Monday and Tuesday and expressed himself well pleased with the progress of the work.

Mr. S. C. Mercer, to whom the New Era has referred several days ago as contemplating the erection of a building on his property beyond the river on 21st street, is now negotiating for its construction within a given time.

Yesterday being the county court day and the first day of the August term of the circuit court for Trigg county, a unusually large crowd was in attendance at the courtroom Judge J. L. Linder, of this city, who has been for some weeks residing here, took the bench, and in a brief speech formally announced himself as a candidate for circuit judge against Judge Grace in this district. The judge offers himself as the leader of the reformers in the county, and promises to bring about a more efficient administration of the law.

At the conclusion of Judge Grace's remarks Judge Cook, of Calloway county, who was present, was called upon and responded briefly. He said he was not a candidate for the office, and would not be a candidate against Judge Grace; that if Judge Linder wanted to stand in the way and be run over by his political enemies, he was a Democrat, and it went without saying who he was for.

The following are the dates of the meetings of Kentucky fairs this year as far as reported to this office:
